The permitted renovation touched every system—electrical rewiring with a new subpanel, copper plumbing, roof replacement, SPC flooring, and LED recessed lighting throughout. The main level hosts the primary bedroom, while four additional bedrooms upstairs create a layout well-suited to extended family. Vaulted ceilings and a modern floating staircase anchor the living room. The kitchen features two-tone shaker cabinetry, quartz counters, and stainless steel appliances. Both bathrooms have been reimaged with contemporary vanities and fixtures. Outside, new turf and a sprinkler system simplify yard care.

WALK SCORE®
Very Walkable

Walk Score® rates an address from 0–100 by how easily everyday errands — groceries, coffee, dining, school pickup — can be done on foot. 50+ means some errands can be walked, 70+ means most can, and 90+ is a rare walker's paradise. Transit and Bike scores read the same way for public transportation and cycling.

Ratings are GreatSchools Summary Ratings on a 1–10 scale, based on test scores, student progress, and college readiness — 8–10 is above average, 5–7 average, 1–4 below average. Schools shown are the closest rated options within five miles. Attendance boundaries change; always verify enrollment eligibility directly with the school district.
